***THIS BID DOCUMENT MUST BE SUBMITTED WITH BID***

**Addendum Number 2**

The language in Addendum # 1 on Tree Removal is being replaced with the following paragraph:

**Tree Removal**

The City of Hastings will perform or make arrangements for tree removal for the project.

1. All trees (large & small) and shrubs between Franklin Ave and Baltimore Ave (STA 110+00 to STA 121+00) will be removed in the winter of 2025-2026. The removal work will include roots and stumps with the disturbed areas backfilled with soil.
2. The entire group of trees (large & small) and shrubs west of Baltimore Ave (STA 122+50 to STA 127+00) will be removed in the winter of 2025-2026. The removal work will include roots and stumps with the disturbed areas backfilled with soil.
3. Other tree removal will be performed by the Parks Department and will be coordinated with the trail contractor. The removal work will include roots and stumps with the disturbed areas backfilled with soil.

Existing vegetation, sod, or shrubs (no trees) will be removed by the trail contractor and paid for under the item Clearing and Grubbing.

**Cold Milling Class 5**

Plan sheet 2 includes a note about Class 5 milling to blend into the existing roadway. The work is not to be included with the bid for the trail and the work will be part of the future resurfacing of E Street.

**Lawn Sprinklers**

1. The contractor is not to include work to relocate sprinklers in their bid. The city will make arrangements for any sprinkler line modifications that are needed to accommodate the project.
2. If the contractor mistakenly disturbs a sprinkler that is not being relocated, they shall repair the sprinkler at no cost to the city.
