HU is community powered

Reliable, safe, affordable electricity is what public power is about, and it's what Hastings Utilities delivers 24 hours a day and seven days a week. We are one of approximately 2,000 municipally owned utilities throughout the nation that collectively provide electricity to 55 million Americans across 49 states and five U.S. territories.

The contributions of those municipal utilities is highlighted during Public Power Week: Oct. 4-10, 2026.

We are 2,000 utilities with one purpose: powering strong communities. This year, we are focusing on the immense sense of pride that we feel in our purpose: providing safe, reliable, affordable, sustainable, and customer-focused service to our community. And this pride should be felt by the members of our community.

Every department at Hastings Utilities plays a key role in keeping our community up and running daily. Every single person can – and must – be counted on.

Public power thrives because we are community-owned and governed by local decision-making, and – most importantly – because we are staffed with hardworking employees who care about the community and take pride in serving our friends and neighbors in Hastings. Keeping the lights on is a serious commitment.

Knowledge is Power for Fair Housing

The Fair Housing Act protects people from discrimination when they are renting or buying a home, getting a mortgage, seeking housing assistance, or engaging in other housing-related activities. Additional protections apply to federally-assisted housing.

It's important to know your rights – visit hud.gov/helping-americans/fair-housing-act-overview or scan the QR code.

The Fair Housing Act prohibits discrimination in housing because of:

- Race
- Color
- National Origin
- Religion
- Sex (including gender identity and sexual orientation),
- Familial Status
- Disability
